2017-02 - Current

Projects I have done

CV website using HTML/CSS, JavaScript ,web api
here: <https://inscarnage.github.io/>

Asp .net core MVC website:
<https://project2datacollab.azurewebsites.net/>

My own App: <https://cold-agreement-0459.glideapp.io/>

I have made a Web crawler and scraper that is available on my
GitHub made using JavaScript, Cheerio.js.
<https://github.com/InsCarnage/WebCrawler>

Programs I use

Visual Studio Code
Visual Studio
Microsoft SQL Server
MySQL Workbench
GitHub: <https://github.com/InsCarnage>

I do not have any work experience as I am coming out of University.
I can easily adapt and learn.
I find new technology easy to learn and to understand.
I would love to learn from other experienced programmers.
