Projects I have done

CV website using HTML/CSS, JavaScript ,web api
here: https://inscarnage.github.io/

Asp .net core MVC website:
https://project2datacollab.azurewebsites.net/
(Login for website is Email: Jeandre610@gmail.com password:
Lizzy1249#)

Weather Project: https://musing-swirles-81e33f.netlify.app/

 My own App: https://cold-agreement-0459.glideapp.io/

I have made a Web crawler and scraper that is available on my
GitHub made using JavaScript, Cheerio.js.
https://github.com/InsCarnage/WebCrawler

Programs I use

Visual Studio Code
Visual Studio
Microsoft SQL Server
MySQL Workbench
GitHub: https://github.com/InsCarnage

I do not have any work experience as I am coming out of University.
I can easily adapt and learn.
I find new technology easy to learn and to understand.
I would love to learn from other experienced programmers.
